A few words about us...

Ecobag Network is the largest producer of ecological paper bags with Customer print in Poland. The company is expanding continuously since 2004. Our policy is focused on ecology, customers needs and a modern machine park. We are the fastest growing Polish producer in our industry.

We specialize in the projects preparation, the production of bags and ecological envelopes, all with customer print or without printing. We offer a large number of standard formats, and packaging products unavailable in our European competitors, products such as SUMO and Stiffpac.

Our membership in the Kuvert Polska Group since 2011 enabled rapid expansion into foreign markets. We serve Polish and European state institutions, corporations, medium and small enterprises. Our long-term cooperation with our Customers is the most important indicator of the quality of our products and services.

Our Mission

Supply eco-friendly paper bags and envelopes to a largest group of Customers and to displace non-ecological substitutes from market, to save the natural environment for the next generations. The foundations of Customer relations are: understanding of needs, professional advice, flexible service and building long-term business relationship.

Our Vision

Achieve the position of largest European producer of ecological bags, paper envelopes and printing on them. To remove the harmful packaging materials from our life and from next generations.

Ecobag Network is a member of Kuvert Polska Group, the largest Polish manufacturer of envelopes and pockets. We are able to produce any type of envelope, pocket and print on it. More at: www.ecobagnetwork.eu and on www.kuvert.com.pl

The most important functions of letter and pocket:

- Inside print - prevents content from being read without opening the envelope.
- Flap and gluing closure flaps - for manual or machine packaging.
- Advertising medium - printing company motto, logo on the envelope, insideprint.

Collect as much information as possible about the envelope/pocket you need and send letter with the project for printing. We will take care of the rest and advise you the best solution!

Print at Ecobag Network:

Customer's prints from ready-made PDF files. There is also a possibility to use our graphic studio, which will expertly advise and improve projects. We will choose the printing technology ourselves for the project.
