A few words about us...

Ecobag Network is the largest producer of ecological paper bags with Customer print in Poland. The company is expanding continuously since 2004. Our policy is focused on ecology, customers needs and a modern machine park. We are the fastest growing Polish producer in our industry.

We specialize in the projects preparation, the production of paper bags with customer print or without printing. We offer a large number of standard formats and solutions unavailable in our European competitors.

Our membership in the Kuvert Polska Group since 2011 enabled rapid expansion into foreign markets. We serve Polish and European state institutions, corporations, medium and small enterprises. Our long-term cooperation with our Customers is the most important indicator of the quality of our products and services.

Our Mission

Supply eco-friendly paper bags and envelopes to a largest group of Customers and to displace non-ecological substitutes from market, to save the natural environment for the next generations. The foundations of Customer relations are: understanding of needs, professional advice, flexible service and building long-term business relationship.

Our Vision

Achieve the position of largest European producer of ecological bags, with customer print or without printing. To remove the harmful plastic bags from our life and from next generations.
